WEDNESDAY, FEBRUARY 4th, 1925.

No. 5

Mr. Claypool, M.L.A., Holds Meeting

The public meeting that was held in the Opera House on Tuesday night by Mr. Claypool, M. L. A., unfortunately was not well attended, only a very few of the townspeople being present and as the meeting was held at night as well as the roads being in very bad condition not many farmers came in either. There were other conditions as well that caused a lessening in the attendance.

Mr. Claypool came prepared to discuss governmental matters regarding urban conditions that affect the towns but because of the poor showing of townspeople at the meeting he took up the governmental action in regard to mortgage affairs, action regarding the different pools and the liquor question.

Mr. Dave Irwin was chairman and made a few remarks introducing Mr. Claypool.

It is unfortunate that the townspeople did not take more interest in this meeting which Mr. Claypool held on purpose to explain to them the actions of the provincial government and to get their views on any matter that affects them before the beginning of the next session of the Legislature which commences within a few days.

CARD OF THANKS

We wish to thank the many friends and neighbors for their kindness and sympathy at the death of our brother Charles S. Finlay.

Mrs. A. H. Vogel and Mrs. J. A. Hughes.

M. EBERT HOWE
Registered Optometrist

Will visit Chambers Drug Store on Friday, Jan. 30th, and every second Friday from that date.

MILK! MILK!

We deliver good, sweet milk during the winter as well as in summer.

DIDSBURY DAIRY, Phone 35

Atlas Lumber Co., LIMITED

POSTS

Tamarack, all sizes. Cedar 15 to 18, 7 ft.

POLES

Tamarack and spruce.

LUMBER

Just receiving car shipments of spruce shiplap. Dimension and fine finish mounted in barn siding and flooring at right prices.

PAINTS

Leave your orders for your spring paints. We have a good line.

COAL

Galt stove nut, H. Grade lump, stove, coke.

Councillors and School Trustees Elected by Acclamation

The ratepayers again showed very little interest in the selection of candidates to fill the municipal and school offices this year. Fortunately most of the men nominated and elected have had considerable experience in municipal and school affairs and town business will likely be conducted to the advantage of the municipality.

Mayor Chambers again sits at the head of the Council. He finally consented to let his name stand for election and as was expected no opposition of any kind developed.

Town Councillors nominated—C. Adshead, S. Tighe, J. V. Bercht and J. E. Liesemer.

Mr. Adshead withdrew his nomination consequently the other three were elected.

School Trustees nominated—Dr. W. G. Evans, W. G. Liesemer, J. McGhee and W. McCoy. All elected.

The School Board nominations were somewhat of a surprise as a verbal resignation of one of the Board was given in at the last minute, that of Mr. Norman Clarke, which necessitated the nomination of another candidate to fill this position. The ratepayers had understood that only three Trustees were to be nominated but the resignation which had not gone before the Board necessitated another nomination.

Home Nursing Classes

The ladies of the town and district are again reminded of the home nursing classes inaugurated by Miss West of the Red Cross Society a few weeks ago under the auspices of the Business Girls Club. These classes include instruction in various branches of home nursing and will become very valuable to those who receive these lessons. Dr. W. G. Evans has kindly consented to assist in this work and all those who would like to take up this work should apply either to Mrs. W. A. Austin or to Miss Elliott, matron of the Didsbury General Hospital. These classes are not limited to any individual class of women but any one can join up with them.

First Annual Meeting Jutland-Burnside Farmers

The first annual meeting of the Jutland-Burnside Farmer's Community Society will be held in the Jutland school on Saturday, February 14th, at 8 p. m.

This meeting is an important one and the residents throughout that district are earnestly requested to turn out and give their support in a good start on the years program.

A fine program has been prepared for the enjoyment of those who attend and this will be followed by a general business meeting of officers for the ensuing year.

Last years trustees were, Fred Boulton, chairman, H. Richardson, secretary, Joe Rist, W. Ahlgrim and B. Weber. They have been very energetic and during the short life of the Society have already raised about a thousand dollars in a fund for the purpose of building a hall. The grounds are prepared, basement dug and a considerable sum already raised for building purposes. This Society with such worthy objects in view certainly deserves the support of the district and with this meeting nearing so much to a good start in the year all who possibly can should attend.

Big Auction Sale of Good Holstein Cattle

Mr Geo. McNair who has sold his farm and is moving to California has decided to make a complete clean-up of his large holdings of livestock, implements, etc., on Tuesday, February 17th.

His entire herd of splendid Holsteins, which are all T. B. tested, will be put up for sale and no mistake will be made in securing some of this fine breed of dairy cattle. There are twenty-four head of choice dairy cows in the bunch.

Mr. J. Phillipson will call the sale, which commences at 11 o'clock and will be held on Mr. McNair's farm, 8 miles west and half a mile north of Didsbury.

AROUND THE TOWN

Mr. C. Mardon took a day or two off this week and was a visitor in Calgary.

Miss Farrell of Edmonton is spending a few days holiday with her sister, Mrs. Dr. J. L. Clarke.

Miss E. Carter of Olds was a visitor with her sister Mrs. C. Mortimer this week.

Mr. and Mrs. Joe Whiteside returned from their visit to friends in Wisconsin and Michigan last week.

Mr. Claypool, M. L. A., was an honored visitor at King Liram Lodge A. F. & A. M. on Tuesday night after his meeting at the Opera House.

Geo. Sexsmith was a business visitor at Calgary on Wednesday. He did not attend any of the Conventions as his business was more private.

Don't forget the big prizes of \$30 that is being offered to the holder of the lucky ticket at the Opera House. Don't let the other towns take this away from you.

Housework or sewing is wanted by Mrs. Kinsey who lives a short distance west of Miss Ferguson. Mrs. Kinsey has two children to support and will be glad of any work that can be given her.

Mr. Dan Dippel and M. W. Rupp state that they are not friends of "Foster" the weather man any more. He's too strenuous for them.

Mr. A. J. Weiler of Elkton is selling all his farm stock on Thursday, February 26th. Mr. Weiler has to give up farming on account of ill health. J. W. Phillipson will call the sale and bills will be out in a few days.

It is reported that a farmer was bringing in two wagon loads of hogs this week and his wagons upset so often that by the time he had reached Didsbury he had only one hog left. Another was bringing in a load of hay and upset four times. However the hay stayed out while the hogs departed for pastures new.

H. Scott and Wayne Goehoe are running a trap line near the Big Red Deer river, northwest of town, and a few days ago lady luck visited their traps in the shape of a splendid silver black fox. They brought the pelt into town last Tuesday and they were the envy of quite a crowd of spectators. While these pelts are not worth quite what they were a few years ago the boys realized a nice little sum on just the one pelt.

To Insurance Beneficiaries

Hundreds of thousands of dollars are lost annually through the unwise investment or careless spending of monies received for insurance death claims and matured endowments. A Union Bank Savings Account is the proper place for the deposit of such monies. The funds will then be in safe keeping and earning interest for the beneficiaries.

The Tariff--An Economic Issue

For the past forty years or more the Customs tariff has been a hotly and more often than not a bitterly contested issue in Canada. Essentially an economic question, it was made into a partizan issue and election after election has been fought between rival political parties with the tariff the main point of divergence between them, with high tariff and protection advocated by the Conservative party, and lower tariff, or a tariff based on the revenue requirements of the country rather than the protective principle, advocated by the Liberal party.

Admittedly this economic question should never have been made the football of party politics. The country has suffered because of it. Inasmuch as taxation is involved in the question of the tariff it must, of course, remain a political issue in its broadest sense, but it should not be a partizan issue. Just how to divorce the two is the problem.

Fortunately for Canada there is a growing tendency to regard the tariff as an economic rather than a partizan issue. Today there are men in the ranks of the Liberal party who favor high tariff and protection. Even in the Progressive party there is a divergence of opinion, the average Progressive in the East not seeing eye to eye with Western Progressives in this particular.

While the population of Canada was largely to be found east of the Great Lakes, and the policy of Protection was accepted as necessary to the upbuilding of manufacturing industries, differences of opinion in regard to the economic effect of the opposing tariff policies did not actually endanger the Dominion. Now, however, with nearly a third of the population west of the Great Lakes, the economic rather than the old partizan aspects of the tariff controversy loom large, and the gap between east and west is widening.

It is not pleasant to contemplate this, but it would be worse than foolish to ignore it, nor would it be patriotic to do so. The real patriot is the one who faces the existing situation and seeks to discover a remedy. The two schools of economic thought are as far apart as the poles. Stated bluntly, the industrial East states it cannot survive without high tariff protection, while the agricultural West declares just as emphatically that it cannot grow and prosper so long as it is maintained.

In view of this seeming impasse there are those who argue that Canada has come to the parting of the ways, and that the only thing to do is to cut the Dominion in two at the Great Lakes and create not one but two British self-governing units out of British North America, thus allowing the East to have all the tariff and protection they want without placing a handicap on the West, and allowing the West to go in for a very low tariff or free trade without thereby forcing such a policy on the East to its detriment.

Advocates of such a policy are, as yet, few in number, nor do such views find acceptance with the vast majority of the Canadian people. A policy of separation should, and will, only receive serious consideration when all other efforts to bridge the chasm have failed. Both East and West, however, must fully realize that the present differences must be adjusted, and that without loss of time, or there is grave danger that the idea of separation will pass from mere theoretical and academic discussion into the realm of practical issues.

The only thing to do is to forget partizan politics in all future discussion and consideration of the tariff question and deal with it solely as an economic and financial matter affecting the whole Dominion and every person and industry in the country from the Atlantic to the Pacific.

Partizan politics have no place in this particular column of this paper, but economic questions and social problems affecting the life of Canada have first place, and no apology is required for discussing the greatest of all our economic questions, namely, the Customs tariff, when such discussion is confined to economics regardless of and quite apart from partizan opinions or policies.

Eastern people and interests can be depended upon to present their views and urge their policies. In this column the view of the West will be presented from time to time because the tariff issue must come to a head soon, as between East and West. The present position is too dangerous to allow it to continue. Existing differences can only be met by compromise. The West cannot get everything it wants, and the East must recognize the fact that conditions have changed with the settlement of the West, and will continue to change as our development and growth proceeds, with the result that the East cannot retain everything it has hitherto enjoyed in the way of tariff protection.

Drought Causes Leaves to Fall

Drought, not frost, causes the leaves to fall in autumn. The sap is stopped causing the leaves to change color and wilt. The wilting, the changing to a brown or yellow or red, is not caused by freezing but by a drying out of the leaf moisture.

Against Games of Chance

A recommendation that the Alberta Government cancel its grants of \$5,000 each to the agricultural fairs of Calgary and Edmonton unless games of chance at those fairs are eliminated was adopted by the United Farmers of Alberta.

Children Cry for

Fletcher's CASTORIA

MOTHER:—Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. H. Fletcher* Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Great Air Base At Singapore

Will Be Largest Base For Commercial Airships on Australian Route

A great air base, combining military and commercial features, will be built by the British air ministry at Singapore, according to the London Daily News correspondent. The aeroplane carrier, Pegasus, with a fleet of Napier-Fairey amphibian aeroplanes, is already carrying out extensive survey work from the air.

Singapore will be the biggest base for commercial airships on the England-India-Australia route. Mooring masts, gas plants and other necessary equipment will be erected. The station will also act as a naval base and patrol station for the whole of the eastern seas.

Mothers' Best Friend In Rearing Children

Pain and sudden sickness are apt to come upon us at any time and safety lies in having always handy on the shelf a reliable pain relief like good old "Nerviline." For nearly half a century Nerviline has been a family standby, and most mothers have come to rely upon it in case of colds, sore throat, tight chest, sprains, cramps, nausea and sudden attacks of sickness at the stomach. For internal or external use, Nerviline is worth its weight in gold in every home, and costs but 35 cents at any dealers.

Plan Military Organization

U.S. to Study Activity of British Women During War

The war department is making a study of the organized activity of British women with their armies in the Great War as a basis for a probable military organization of women in this country in time of emergency. Major-General John Hines, chief of staff of the United States army, said in an address before the Women's Republican Club of Massachusetts.

MAKE CARE OF BABIES EASIER

Stomach disturbances and constipation are responsible for much of the peevishness of babies and young children. When the baby is cross or irritable the mother should not resort to so-called soothing mixtures to correct the trouble, for in the majority of cases these mixtures simply drug the child into an unnatural sleep. What is needed is a gentle laxative that will soothe the stomach and regulate the bowels. Such a remedy is found in Baby's Own Tablets. They are easy to take and are guaranteed to be entirely free from opiates and narcotics. Concerning them, Mrs. Jos. T. S. S. writes:—"I would like all mothers to know that I feel there is no other medicine to equal Baby's Own Tablets. I always keep a box in the house and their prompt use never fails to restore my little ones to health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Interesting Baby Book

Valuable Advice in Connection With Care and Feeding of Babies

Undoubtedly the most interesting reading for the young mother is that which deals with the care and feeding of babies, particularly if the subject is treated in simple language for all to understand clearly. We have just received a booklet, "Baby Welfare," which is one of the most interesting and instructive we have seen in a long time. It has chapters on prenatal care, Feeding of Baby, Bottle Feeding Supplementing Breast Feeding, Diet After First Year, Food Formulas, Sleep, Fresh Air, Exercise, Bathing, Clothing, Baby's weight and Measurements, with sundry hints as to safeguarding of baby's health against common ailments. There is also a page devoted to Baby's Biography, which should be an interesting record of the little one's activities when it is filled in, and a Weekly Record for Baby's Weight and Height, which the mother can fill in. In the introduction the publishers say that they have purposely omitted suggestions pertaining to medical treatment, knowing that such information should properly come from the family physician when such advice is needed. Mothers desiring a copy of this most helpful book can obtain one, free, by writing to The Baby Welfare Department of the Borden Company Limited, 189 St. Paul Street West, Montreal, mentioning this paper.

For Every Ill—Minard's Liniment

W. N. U. 1562

Span Rockies By Phone

Long Distance Telephone Established Between Calgary and Vancouver

The first long distance telephone conversation ever held between Calgary, Alberta, and Vancouver, British Columbia, was recorded recently when the wire chief of the telephone company at Vancouver conversed for several minutes with a Calgary newspaper man. Both parties exchanged news of weather conditions, the result of the hockey matches and a general conversation on the merits of the new service. The call was in the nature of a test and, before ringing off, the telephone office official at Vancouver expressed himself as being pleased with the clearness with which the conversation was heard. The distance from Calgary to Vancouver is 642 miles, through the Rocky Mountains.

Makes Important Discovery

Member of Rockefeller Institute Finds Organism of Cattle Disease

Dr. Edmund V. Cowdry, of the Rockefeller Institute, New York, who was sent to Pretoria at the invitation of the South African Government, has discovered a micro-organism causing a disease known as "heart water" in sheep, goats and cattle. The microbe resembles closely, but not identically, other organisms causing typhus, trench and other fevers in man. Sir Arnold Theiler, director of veterinary education and research here regards the discovery as of the highest importance.

Help for Asthma. Neglect gives asthma a great advantage. The trouble, once it has secured a foothold, fastens its grip on the bronchial passages tenaciously. Dr. J. D. Kellogg's Asthma Remedy is daily benefiting cases of asthma of long standing. Years of suffering, however, might have been prevented had the remedy been used when the trouble was in its first stages. Do not neglect asthma, but use this preparation at once.

Denounces Speculation

Senator Shipstead (Farmer-Labor, Minnesota), denounces the Coolidge administration for "encouraging wild orgies of speculation in Wall Street," by letting the federal reserve bank rediscount paper given for speculative purposes. He said it would bring about a collapse which will seriously affect agriculture.

It Testifies for Itself.—Dr. Thomas' Electric Oil needs no testimonial of its powers other than itself. Whoever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, will know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

British Battleship Sunk

The British battleship, Monarch, was sunk off the Scilly Isles in accordance with the Washington arms treaty. She provided a target for aircraft, light cruisers and battleships, and when the big ships went from the scene there was no sign of her left.

WHEREVER you buy it and whenever you buy it, Magic Baking Powder is always entirely dependable, because it contains no alum or adulterants of any kind.

Don't For Mothers

Don't slam a door after telling a child always to close it gently, and don't rebuke a youngster for shouting with your own voice raised to sky-scraping heights.

Don't allow a child to be deliberately cruel to any living thing. Tell the boys that it is neither daring nor manly to kick a dog or stone a kitten, but just low-down cowardice.

In all infantile complaints that are the result of the depredations of worms in the stomach and intestines, Miller's Worm Powders will be found an effective remedy. They attack the cause of these troubles, and by expelling the worms from the organs insure an orderly working of the system, without which the child cannot maintain its strength or thrive. These powders mean health and improvement.

Aged Primate to Visit Rome

Cardinal Begin, 85, Roman Catholic primate of Canada, will visit Rome this year, leaving Quebec on May 5. His eminence will be accompanied by a number of pilgrims on the occasion of holy year.

For First Aid—Minard's Liniment

Small drinking glasses used in early New England were dubbed "sneak cups."

The more money you have the easier it is for you to practice economy.

FOR
Rheumatism
BAYER
ASPIRIN
Proved safe by millions and prescribed by physicians for

Rheumatism Colds
Headache Pain
Neuralgia Toothache
Lumbago Neuritis

Safe Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocyclic acid esters of Salicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

MAKES PLEA FOR BETTER UNITY AMONG FARMERS

Regina.—In a strong plea for the amalgamating of the Saskatchewan Grain Growers' Association and the Farmers Union of Canada, A. J. McPhail, president of the Saskatchewan wheat pool, told the grain growers convention that unity among all farmers' organizations in Saskatchewan would have a great bearing on the success of the wheat pool.

"There are three great farmer companies now and I hope there will be as great a measure of co-operation between them as it is possible to have," he said. "The policy of the directors of the pool will be such as to lead to complete unity among these organizations at as early a date as possible. Complete unity is the end to be kept in view."

"There are two farmers organizations in Saskatchewan (the S.G.G.A. and the Farmers Union of Canada) with the same objectives but with perhaps different viewpoints as to how those objectives can be secured. But the two organizations will reach their common objective more rapidly together than separately."

Wheat Board Surplus

Manitoba Government Plans to Create a Trust Endowment

Winnipeg.—With its share of the undistributed balance of the Canadian wheat board surplus, the Manitoba Government plans to create a trust endowment and apply the revenue to the advancement of agricultural efforts, especially in combatting the rust menace. The Federal Government statement of the wheat board shows an undistributed balance of \$569,046, which would place Manitoba's share at, approximately, \$128,000.

The Provincial Government does not take kindly to the recommendations attached to the order-in-council with respect to the disposition of the funds. Premier Bracken said that, while the money actually belonged to the wheat growers of the province, it would be a difficult problem to carry out individual distribution.

Will Represent Manitoba

Toronto Lawyer Will Argue Validity Of Grain Futures Tax

Winnipeg.—W. N. Tilley, K.C., of Toronto, will act with Geoffrey Lawrence, K.C., London, Eng., as counsel for the province of Manitoba in the hearing of the appeal on the validity of the grain futures tax before the privy council next March. The appointment of Mr. Tilley was influenced, according to government officials, by the fact that Saskatchewan and Alberta will be represented by Eugene Lafleur, K.C. It was felt advisable that Manitoba should likewise be represented by a Canadian lawyer.

Aids War Veterans

Wellington, N.Z.—The New Zealand Government has been generous to its discharged soldiers. It has advanced sums totalling \$30,500,000 to the ex-soldiers, a large portion of this being by way of encouraging them to go on the land, and the balance to enable town dwellers to settle down in a fair degree of comfort.

Step Towards Prohibition

Berlin.—The German anti-alcohol league has demanded the transformation of the vineyards into potato fields as a step toward prohibition.

Constipation Vanishes Forever

Prompt—Permanent—Relief
CARTER'S LITTLE LIVER PILLS

never fail. Purely vegetable—act surely but gently on the liver.
Stop after-dinner distress—core rectal indigestion; improve the complexion—brighten the eyes.
Small Pill—Small Dose—Small Price

W. N. U. 1562

Expect To Ratify Extradition Treaty

Washington, D.C.—The United States is expected to take prompt action to ratify the extradition treaty with Canada. This is the treaty signed here recently by Hon. Ernest Lapointe, Canadian minister of justice, and Secretary of State Hughes. It has been reported favorably to the senate by the foreign relations committee and Senator Borah, chairman, expects to obtain early ratification by the senate without opposition.

Says Navigation Laws Violated

Attorney-General Stone Would Bar Canadian Ship Cargoes From U.S. Ports

Washington.—Shipment of United States grain from lake ports such as Chicago and Milwaukee in Canadian vessels to elevators on Georgian Bay constitutes, in some cases, a violation of the coastwise navigation laws of the United States. Attorney-General Stone has ruled in an opinion given to the commerce department.

The coastwise navigation laws forbid the carriage of United States goods or passengers between United States ports in other than United States vessels and Mr. Stone's ruling holds that if the shipper, in sending in grain to the Georgian Bay elevators intends to bring it back into the United States, the Canadian facilities are used merely as one stage of a shipment between ports of the United States.

Where Is the Wheat?

Efforts Are Being Made to Locate Stocks Available

Winnipeg.—Concerted efforts are being made to locate stocks available on the prairie. Movement to January 23 shows the C.P.R. have delivered to elevators a total of 9,171 cars as compared with 7,677 for the same period last year, while the Canadian National delivered to the same date 2,198 cars compared with 5,109 for the same period last year. Permits of both railways, including cars enroute east of Field and Jasper, account for 6,730,000 bushels more. The United Kingdom has received 12,519,168 bushels; Orient, 2,765,676; other small exports account for a total of 15,761,025 to January 23.

Interest is vital as to where the balance of the Canadian crop outside the terminals can be located.

Four Hundred Mile Race

Dog Teams Rushing Anti-Toxin To Nome, Alaska

Anchorage, Alaska.—Moving on a 400-mile, snow covered path, the fastest and most faithful dog teams in this district are on the road to Nenana, Alaska, in a race against the advances of an epidemic of diphtheria raging at Nome. The teams carried 300,000 units of anti-toxin to be used in fighting the epidemic. The serum which left there for Nenana, north of Anchorage, was supplied by Dr. J. B. Beeson, who made the 600-mile dog team race to Iditarod in 1920 with diphtheria anti-toxin.

To Superintend Drug Traffic

Geneva.—Leaders of the International Opium Conference here, including Lord Cecil and Representative Stephen Porter, respectively heading the British and United States delegations, met privately today and decided that the central board to supervise the international traffic in narcotic drugs should be appointed by a special group of the powers, including the United States.

Less Settlers' Effects Leave

Ottawa.—Settlers' effects leaving Canada last year were \$8,452,426, against \$10,508,167 the year before. Settlers' effects entering Canada were \$6,525,131, against \$6,001,107 the year previous.

Exports and imports of settlers' effects are sometimes taken as an indication of the course of migration.

Extending Air Ambulance Service

San Francisco.—The army is extending its air ambulance service and has designed a plane that will carry at least eight patients, a surgeon and a pilot, it was announced recently at Crissy Field here.

Delivers Opening Address

Hon. C. M. Hamilton, Minister of Agriculture in the Saskatchewan Government, who formally opened the Saskatchewan Grain Growers' annual convention at Regina.

Attend Moscow Conference

Organizer of Farmers' Union Was Invited By Soviets

Saskatoon.—Alton Ernest Bolton of this city, has left to attend the international conference on agriculture, to be held shortly in Moscow. He goes at the invitation and expense of the Union of Socialist Soviet Republics, the invitation having come as a result of a pamphlet dealing with Canadian banking and farming relations written by Mr. Bolton, which chanced to reach Moscow.

Mr. Bolton was a defeated candidate in Touchwood constituency in the last provincial general election and has been prominent as an organizer for the Farmers' Union of Canada.

For Lepers In India

Appeal Is Made For Relief By Lord Reading

Delhi, B.I.—There is one leper among 300 or 400 of population in India, according to a statement by the viceroy, Lord Reading, in announcing an appeal in behalf of the Leprosy Relief Association. The scheme for which the appeal is made, and which has the backing of the Prince of Wales and the ruling Princes of India, is a far reaching one and involves a big expenditure, which it is hoped to meet by voluntary subscriptions.

War Memorial Design

Ottawa.—The terms for the sculptors' competition in designs for the proposed \$100,000 war memorial having been drafted, announcement of their nature is expected shortly. Designs will be accepted from allied countries.

Should Give Of Best Says President Coolidge

Washington.—Christian churches and governments of the world were declared by President Coolidge to have "no greater responsibility than to make sure that the best, and not the worst, of which Christian society is capable, shall be given to other people. This, with other views on the foreign missionary question, were presented by the president in an address to the meeting here of the Foreign Missions Conference of North America, an inter-denominational gathering of the foreign mission interests of the Protestant churches of the United States and Canada.

May Help Russo-Jap Trade

Believed Treaty Will Mean Immediate Exchange of Commodities

Vancouver.—With the recent signing of the Russo-Japanese agreement at Peking, leading business men in Japan have expressed varied opinions regarding the immediate effect of the agreement on Russo-Japanese trade, according to passengers who reached Vancouver from the Orient on the Canadian Pacific Empress of Asia.

Mr. H. G. Fujiwara of the Usaka Russo-Japanese Trading Company, is quoted as saying that the signing of the treaty should mean the immediate exchange of commodities between the two countries. From in and around Usaka, knitted goods, cotton goods, cotton yarn, newsprint and lumber have good prospects for exportation. From Russia should come salt, hemp and cereals. With the increase in the volume of trade, an imposing mercantile fleet could be built up to link Kobe with Russian ports, and business could be extended from Siberia to European Russia.

Greece Willing To Disarm

But Asks Other Nations to Sign Guarantee Pact

Geneva.—Greece will disarm, but only when the nations sign a general treaty offering real guarantees. That is the gist of a communication received by the League of Nations from the Athens Government, which, like the other governments, had been invited to set forth its attitude on the resolution of the league assembly that no governments should exceed in the future their current year expenditure on armaments.

Form Relief Committee

Geneva.—The League of Nations have named a special committee which will report on the plan of forming an international federation for the mutual assistance in the relief of peoples overtaken by disaster.

EXPLANATION IS GIVEN FOR HIGH WHEAT MARKET

Toronto.—The sensational movement of the wheat market has been brought about by the buying of Canadian flour for Russia, according to a Toronto man, who is informed regarding milling matters, says the Toronto Telegram, which continues:

"It is generally understood that one big milling concern has an order for 50,000 barrels, and another an order for 150,000 barrels. In fact, all the big Canadian mills are said to have requests for flour for Russia. It is stated that Russia would take a total of 1,000,000 barrels from Canada if such an amount could be obtained. But, with only about 37,000,000 bushels of wheat in the west, and small supplies in Eastern Canada, well informed men declare that Canada could not fill an order for one million barrels without running short for home supply and for seed wheat."

Transfer Natural Resources

Final Conference Between Dominion and Alberta Governments Pending

Ottawa.—Material is being prepared for a final conference here, probably this month, between the Dominion and Alberta Governments in connection with the transfer to the province of its natural resources.

The principle is seemingly settled, but a number of points of detail have arisen and these are being dealt with by officers of the justice and interior departments. So far as Manitoba and Saskatchewan is concerned, there is no apparent change in the situation, these provinces insisting upon a continuance of the subsidy, as well as the resources, having regard to the extensive alienation or sale under the federal administration.

Talked To Australia

Radio Message From Pittsburgh Heard Distinctly In Several Cities

New York.—A human voice rode the air across the continent, crossed the Pacific Ocean and delivered its message to hundreds of thousands of persons in Australia, more than 9,000 miles away. Officials of the Westinghouse Company, through whose station, "K.D.K.A.," at Pittsburgh, the test was made, declared the achievement to be the greatest in radio history.

A cablegram received here several hours after the broadcasting said that the voice had been distinctly heard by radio set owners who had "tuned in" at Sydney, Australia, and at Rabaul, the capital of British New Guinea.

Take Revenge On Bulgarian Town

Sofia, Bulgaria.—Two villages inhabited by Bulgarians on the Greek side of the frontier, have been surrounded by troops, the police and inhabitants severely beaten and some driven into the interior because of the alleged killing of two Greeks near the border, according to the refugees at Nevrokop. The news has aroused much feeling in Sofia.

Claim Effort to Block Compact

Paris.—An agreement between the German metallurgical and mechanical interests is alleged by the French press to be hampering the Franco-German negotiations for a commercial pact. Both these interests are said to be trying to stop the negotiations in revenge for non-evacuation by the allies of the Cologne zone.

Air Map Of Mt. Everest

Calcutta.—Allan J. Cobham, a British aviator, plans to take aerial photographs of a hazardous hitherto unmapped route on Mount Everest which will then be followed by an expedition.

PLAN TO VISIT DOMINION

PRINCESS MARY AND VISCOUNT LASCELLES

So successful was the recent visit of the Prince of Wales to Canada that Princess Mary and her husband, Viscount Lascelles, have virtually decided to make a trip to the Dominion next year. The visit, it is added, will be in every way an informal one.

Distemper

Minard's is the best remedy for distemper and other ills of horses, cattle and dogs.

Water Shortage In Tokio

Tokio.—Thousands of homes have been destroyed by fire owing to a serious water shortage. Authorities are greatly concerned over the fact that Tokio has less than a fortnight's supply of drinking water.

First Hebrew School

Jerusalem.—Palestine's first modern Hebrew university has been started here with the opening of Jewish Institute of Studies. More than 100 students are enrolled.

Here and There

Mineral production in Canada for 1924 is estimated at \$203,194,000, as compared with \$214,079,331 in the preceding year, according to a preliminary statement issued by the Department of Mines. Metallic minerals accounted for \$96,034,000 of the total, followed by fuels and other non-metallics with \$73,830,000, and structural materials and clay products with \$33,330,000.

The Port of Montreal created a new world record in 1924 for the amount of grain handled by any one port in any one year, namely, 165,139,396 bushels, while from January 1 to November 30 she handled 94,366,508 bushels more than her nearest competitor and 17,332,709 bushels more than the seven next busiest ports combined.

Described as the finest coastal vessel in the world, the "Princess Kathleen," recently launched by Lady Mount Stephen, widow of the late Lord Mount Stephen, a former president of the Canadian Pacific Railway, left Glasgow on January 15 on her ten thousand mile journey through the Panama canal to join the Canadian Pacific's fleet of coastal steamships plying the seaboard of British Columbia.

A historic pageant of some proportions is being planned by the Calgary exhibition board for this year, its object being to commemorate the fiftieth anniversary of the founding of the city by the old North-West Mounted Police in 1875. In the period which has since elapsed, Calgary has grown to be an extremely busy, modern city, having a population of 75,000. A stampede similar to those held in Calgary in previous years is also planned for this summer.

The itinerary of the "All Blacks," New Zealand's wonderful rugby team, hitherto unbeaten, in their tour of Canada, was announced by the Canadian Pacific recently. Landing at St. John, N.B., on January 31, from the company's steamship "Montclair," the team will proceed across the Dominion via Canadian Pacific lines. They will make short stays at Montreal, on February 1; Toronto, February 2; Niagara Falls, February 3; Calgary, February 6; Banff, February 7-9; Vancouver, February 10-21, and sail from San Francisco on the 25th. Calgary is giving them a ball and dance at the Palliser Hotel, they will take part in the Banff winter carnival, and will play teams from Vancouver and Victoria while on the coast.

Very heavy summer travel is anticipated by the Canadian Pacific Railway during 1925, especially to conventions on the Pacific coast of Canada and the United States. C. B. Foster, passenger traffic manager of the company, announced recently. Canadian and American railroads expect 150,000 persons to attend these conventions, some of which will be very large. At least thirty westward bound special trains, and as many eastward bound, will be provided by the Canadian Pacific to handle the delegates, Mr. Foster stated, and Banff and Lake Louise expect great seasons, as so many of the travellers will stop off at those famous mountain resorts. There will also be a very heavy movement to conventions in eastern Canada and the eastern United States.

Imagination, Humor, Kindness, Athletics Attributes to Success

But Real Success Rarely Obtained Except Through
Individual Effort, Says E. W. Beatty.

EDWARD
WENTWORTH
BEATTY

"There are many exceptions to every rule in which accident or good fortune seem to have played a great part in a boy's or a man's life, but in the main, real success is probably rarely obtained except through individual effort." In addressing the students of Lower Canada College recently, E. W. Beatty, chairman and president of the Canadian Pacific Railway, enumerated as qualities and attributes to material success, work, self-reliance coupled with modesty, loyalty, imagination, humor, studied thought and human kindness.

"If I were to pick out for you the most admirable quality possessed by the students of this college, I would say that it is that of loyalty; loyalty to your family, to your school, to your university, to your country and to yourself. The second in the long list of qualities which are admirable is imagination; dreams mean idealism and idealism is often followed by constructive vision. Imagination enables a man to take out of life sometimes more than there is in it. Retain as long as you can your faith in other men.

"The third quality that I would mention is self-reliance, and I think that it is probably one of the outstanding characteristics of the Canadian young men." The field of athletics, Mr. Beatty considers as the most helpful contributor to the spirits of self-reliance and having cultivated the out-door spirit he would then "cultivate a sense of humor—not the harmful humor

that only takes delight in the confusion or humiliation of others, but that humor which enables a man to laugh at himself and hold himself in proper proportion, a man who sees the bright side and communicates the brightness to others."

"Now, most of you," he said, "will proceed from here to a university and into a profession, or maybe without the university course into business, and you will want to succeed, and perhaps you would not mind my saying some of the things that I have observed that contributed to a man's success."

"At the outset come the qualities I have mentioned to you because they are so admirable in themselves. There are many and I can only mention a few. I have mentioned self-reliance. Couple it with modesty—that fast disappearing virtue—and you have a combination of inestimable value to any boy starting in life."

"Now there is a word, an ugly word, which has a great deal to do with a boy's or a man's success—Work. . . . This school and higher colleges can give you much. They can teach you to think, study and analyze, but your education in itself will not make you anything. This is a result which must come from your own effort. Do your own thinking. Advise and consult with others, especially older and more experienced people. Mental exercise is just as good as athletics if you are later to take your place in a contest where judgment and brains are your chief equipment and not physical powers."

"The last quality I am going to mention which helps a boy to succeed is human kindness," Mr. Beatty said. "Your own success will never be retarded by a kindly and neighborly spirit. Remember that you will go much farther through the good will of others than you can possibly go by climbing over someone's back."

BIG CLEAN-UP AUCTION SALE

Under instructions from George McNair I will sell by public auction on the N. E. qtr. Sec. 22-31-3, W. 5, 8 miles west and a half mile north of Didsbury on Blind Line, on

TUESDAY, FEBRUARY 17th,

The following:

ENTIRE HOLSTEIN HERD

Composed of 24 head of choice dairy cows. 5 Fresh and balance freshening in the next six weeks. 4 Two year old Holstein heifers to freshen shortly. 5 Yearling Holstein heifers. Holstein sire. 9 Spring calves. These cows are all T. B. tested.

11 HEAD HORSES

Team mares, 5 and 8 years, wgt. 2450; Bay team 5 and 6 years, wgt. 2100; Black gelding 10 years, wgt. 1450; Sorrel gelding 7 years, wgt. 1500; Chestnut mare 12 years, wgt. 1550; Sorrel mare 9 years, wgt. 1150; Bay mare 10 years, wgt. 1200; Sorrel mare 6 years, wgt. 1150; Saddle horse 7 years, wgt. 1100.

PIGS AND POULTRY

3 Berkshire sows to farrow in April; Purebred Yorkshire boar; 75 Rhode Island hens; Rooster; Purebred Bronze turkey hen; 15 Purebred S. C. white Leghorn cockerels.

J. W. Phillipson, Auctioneer.

Canada's Smaller Wool Crop Affords Food For Thought

Col. Robt. McEwen's champion car lot of Canadian weather lambs, "Southdowns," at Chicago International Show.

Farms in the British Isles support 24,000,000 shorn sheep, while the whole Dominion of Canada supports but 2,000,000, one twelfth as many. Yet during the fiscal year ended March, 1924, woollen and knitting mills imported into Canada some 19,375,925 pounds of raw wool.

In Canada, in 1922, according to the Census of Industry figures we had 277 woollen and knitting mills, which employed some 22,000 workers. Yet in 1922, countries abroad sent into Canada \$38,000,000 worth of woollen and knitted goods, and in 1923, \$41,000,000 worth, representing employment for some 17,000 to 20,000 workers. Although during the past year the wool and knitting industries have expanded to some extent and, particularly in the Eastern Townships of Quebec, have new mills opened up, it is seen that only about half of the woollen goods sold in this country could have been produced here. Raw wool, grown in Canada, comprises but a small fraction of that which is used by the mills that are operating in the Dominion.

There is not enough wool grown to supply the demand of the world. Japan and China, the staple clothing and bedding materials for which countries were formerly silk and cotton, are rapidly becoming great wool consuming countries, imports to Japan alone having jumped 700 per cent in ten years.

Thus it is seen that the Canadian wool grower has not only a growing domestic market, but an ever increasing foreign market for his clips, yet sheep are rarely given due consideration by Canadian farmers even though they have been dubbed "morgage lifters" in the West.

Col. Robt. McEwen of London, Ont., president of the Canadian Co-operative Wool Growers' Association, who won the championship for a car-load lot of Canadian weather lambs, "Southdowns," at the Chicago International Show, has said, "taking Canada as a whole it has been proved that climatic conditions are favorable to sheep raising. No devastat-

ing disease has visited our flocks. Yet today we find ourselves up against the serious economic condition of consuming more wool than we produce, and for a comparatively new and fertile country like Canada to have reached the stage of deficient supply for such an essential as clothing should surely demand the serious consideration of us all."

But although wool growing as an industry in Canada does not come up to what might be expected of it, those who are engaged in it are highly and effectively organized as regards marketing. In 1914 those in charge of the Dominion Live Stock Branch, Ottawa, began to urge that sheepmen be more careful in putting up their fleeces and that they stop selling at any old price which might be offered locally. Following their efforts various sheep breeders and wool growers' associations throughout Canada began to collect wool from their members, this wool being graded in turn by expert graders supplied by the Dominion Government and being sold on the graded basis. As more and more local associations were formed, it was felt that all should be affiliated under one central selling agency with the result that in 1918 the Canadian Co-operative Wool Growers Limited was formed with headquarters in Toronto. This is a commodity marketing organization handling wool only, having about 2,500 shareholders and approximately 12,000 shippers of wool throughout the Dominion. Individual clips are collected at various points for shipment in car-load lots to the central warehouse at Weston, Ont., for grading and sale.

At the present time this organization, which operates from coast to coast, is handling from a quarter to one third of the Canadian clip reaching the open market. Its influence is being extended more and more each season as will be noted from the fact that in Ontario alone the number of shippers has increased from 3,200 in 1922, to 4,000 in 1924. The various grades of wool are sold to equal advantage in Canadian, American and English markets, and it is perhaps noteworthy that during the past two years approximately three-quarters of a million pounds of Canadian graded wools have found a market with English mills.

AUCTION SALE

Under instructions from A. H. Hostvedt I will sell by public auction on the N. W. qtr. Sec. 16-31-4 W. 5, half mile north of Elkton P. O. on the old Charles Shannon farm, on

TUESDAY, FEBRUARY 10th.

The following:

HORSES

Team sorrels rising 8 years, wgt. 2800; Team bay geldings rising 7 years, wgt. 2500; Team, mare and gelding, sorrel and brown, rising 8 years, wgt. 2600; Sorrel mare 6 years, wgt. 1200; Sorrel gelding 5 years, wgt. 1300; Saddle pony.

CATTLE

Purebred Holstein heifer to freshen in May. Grade cow to freshen in May.

HOGS

7 Brood sows to farrow in March; 14 Shoats around 100 lbs each; 14 Pigs 3 and 4 months.

Steel range; Heater; Hoosier kitchen cabinet Good buffet; Fum-

ed oak writing desk; 6 Oak diners; Dresser; Iron bed and springs; Sanitary couch; Office chairs; 2 mattresses; Ostermoor mattress; 3 Burner oil stove and over; 3 Cream cans; Lot of dishes, Kitchen utensils of all kinds; Gasoline lanterns; Gas lamp; 2 Lamps; 2 Lanterns; Set of sad irons; 150 quarts of preserved fruit in sealers; Sharpless No. 2 separator.

4 TON FORD TRUCK

Sale at 11.30. Lunch at noon. TERMS—All sums at and under \$40 cash; over that amount 9 months credit will be given on approved joint bankable notes bearing 8 per cent. interest. 4 per cent. off for cash on all amounts over \$40.

A. H. Hostvedt, Owner.

W. G. Liesemer, Clerk.

J. W. Phillipson, Auctioneer.

Sailing from New York on January 14, the "Empress of France," palatial Canadian Pacific steamship, began her 'round-the-world cruise, which is to last 180 days. The vessel was gaily decked with flags and filled with happy passengers eager to enjoy the experience of a lifetime. F. L. Wanklyn and Mrs. Wanklyn, were among those on board. Mr. Wanklyn recently retired from his position as executive assistant of the Canadian Pacific Railway.

The most novel Christmas card handled by the Montreal post office this year was one prepared for the redoubtable Colonel George Ham, of the Canadian Pacific Railway, by a number of internationally known newspaper artists, creators of famous comic strip characters. In the centre of the card is a photo of the Colonel, while grouped around him, commenting on his good qualities, are signed drawings of Pa Perkins, Tillie the Toller and Mac, Barney Google and Spark Plug, Our Gang and Dumb Dora. Colonel Ham is naturally very proud of the card.

A Romance of the Spanish Main
CAPTAIN BLOOD
RAFAEL SABATINI

Copyrighted, 1922, by Rafael Sabatini

"CAPTAIN BLOOD," a Vitaphone picture with J. Warren Briggs
in the title role, is an adaptation of this thrilling novel.

SYNOPSIS

Peter Blood, a young Irish physician, is arrested as a Monmouth rebel by soldiers of King James and sentenced to death by the bloody Lord Jeffreys. The King, however, realizing the need of man power in the colonies, orders the rebel-convict sent to the Barbadoes to be sold as slaves. Blood and his friend, Jeremy Pitt, with fifty others, are shipped to Bridgetown. There Colonel Bishop, military commander, at the behest of his niece, Arabella Bishop, purchased Blood for ten pounds when he learns that he is a skilled physician. Arabella offers her friendship to Blood but in his own bitterness over the cruelty of his position he does not at first understand the true character of Arabella. Later he comes to know her true worth. A Spanish galleon commanded by Don Diego de Espinosa y Valdez attacks Bridgetown and the Spaniards sack the city. Blood saves Mary Trill from a Spanish ruffian and sends her and Arabella to safety back of the town. He then marshals his fellow rebels-convict together and they capture the galleon while the crew is feasting and ravaging the city.

CHAPTER IX.—Continued

Crouching low, they gilded, noiseless as shadows, to the quarter-deck rail, and thence slipped without sound down into the waist. In the vessel's waist they hung awhile, until Mr. Blood had satisfied himself that no other sentinel showed above decks but that inconspicuous fellow in the prow. Their first attention must be to him. Mr. Blood, himself, crept forward with two companions, leaving the others in the charge of that Nathaniel Hagthorpe whose sometime commission in the King's Navy gave him the best title to this office.

Mr. Blood's absence was brief. When he rejoined his comrades there was no watch above the Spaniards' decks. Meanwhile the revellers below continued to make merry at their ease in the conviction of complete security. Suddenly out of an uncouth pack of savages that beset them, stepped a slim,

tall fellow with light-blue eyes in a tawny face, eyes in which glinted the light of a wicked humour. He addressed them in the purest Castilian.

"You will save yourselves pain and trouble by regarding yourselves my prisoners and suffering yourselves to be quietly bestowled out of harm's way."

"Name of God!" swore the gunner, which did no justice at all to an amazement beyond expression.

If you please," said Mr. Blood, and thereupon those gentlemen of Spain were induced without further trouble beyond a musket prod or two to drop through a scuttle to the deck below.

It was soon after sunrise that the rebel-convict who paced the quarter-deck in Spanish corselet and headpiece, a Spanish musket on his shoulder, announced the approach of a boat. It was Don Diego de Espinosa y Valdez coming aboard with four great

A courtly gentleman met Colonel Bishop

treasure-chests, containing each twenty-five thousand pieces of eight, the ransom delivered to him at dawn by Governor Steed. He was accompanied by his son, Don Esteban, and by six men who took the oars.

Don Diego mounted the ladder and stepped upon the deck, alone, and entirely unsuspecting. Before he could even look round, and survey this guard drawn up to receive him, a tap over the head with a capstan bar efficiently handled by Hagthorpe put him to sleep without the least fuss. He was carried away to his cabin, whilst the treasure-chests, handled by the men he had left in the boat, were being hauled to the deck. That being satisfactorily accomplished, Don Esteban and the fellows who had manned the boat came up the ladder, one by one, to be handled with the same quiet efficiency.

With Colonel Bishop at their head, and gout-ridden Governor Steed sitting on the ruins of a wall beside him, survivors on shore glumly watched the departure of the eight boats containing the weary Spanish ruffians who had glutted themselves with rapine, murder and violence unspeakable.

The boats pulled away from the shore, with their loads of laughing, jeering Spaniards, who were still flinging taunts across the waters at their surviving victims. They had come midway between the wharf and the ship, when suddenly the air was shaken by the boom of a gun. A round shot struck the water within a fathom of the foremost boat, sending a shower of spray over its occupants. A second shot came to crumple one of

the boats into splinters, flinging its crew, dead and living, into the water.

The resolute Ogle was making excellent practice, and fully justifying his claims to know something of gunnery. In their consternation the Spaniards had simplified his task by huddling their boats together.

If the Spaniards understood nothing of all this, the forlorn islanders ashore understood still less, until to help their wits they saw the flag of Spain come down from the mainmast of the Cinco Llagas, and the flag of England soar to its empty place. Ogle, however, continued to give proof that his knowledge of gunnery was not of yesterday. After the fleeing Spaniards went his shots. The last of their boats flew into splinters as it touched the wharf, and its remains were buried under a shower of loosened masonry.

The mystery of the succour that had come at the eleventh hour to wreak vengeance upon the Spaniards, and to preserve for the island the extortionate ransom of a hundred thousand pieces of eight, remained yet to be probed. That the Cinco Llagas was now in friendly hands could no longer be doubted after the proofs it had given. It remained to ascertain the precise identity of these mysterious saviours and do them fitting honor. Upon this errand went Colonel Bishop as the Governor's deputy, attended by two officers.

As he stepped from the ladder into the vessel's waist, the Colonel beheld there, beside the main hatch, the four treasure-chests, the contents of one of which had been contributed almost entirely by himself. Ranged on either side, athwart the deck, stood a score of men in two well-ordered files, with breasts and backs of steel, polished Spanish morions on their heads, overshadowing their faces, and muskets ordered at their sides.

A courtly gentleman advanced to greet him—a lean, graceful gentleman, dressed in the Spanish fashion, all in black with silver lace, a gold-hilted sword dangling beside him from a gold embroidered baldric, a broad castor with a sweeping plume set above carefully curled ringlets of deepest black.

"Be welcome aboard the Cinco Llagas, Colonel, darling," a voice vaguely familiar addressed the planter.

"Peter Blood! Was it you then

"Myself it was—myself and these, my good friends and yours."

"Gad's my life!" he crowed on a note of foolish jubilation. "And it was with these fellows that you took the Spaniard and turned the tables on those dogs. As Gad's my life, you deserve well for this."

"I am entirely of your opinion," said Mr. Blood. "The question is how well we deserve, and how grateful shall we find you?"

"Why—his excellency shall write home an account of your exploit, and maybe some portion of your sentences shall be remitted."

"The generosity of King James is well known," sneered Nathaniel Hagthorpe, who was standing by, and amongst the ranged rebels-convict some one ventured to laugh.

And one intervened—the brawny one-eyed Wolverstone, less mercifully disposed than his more gentlemanly fellow-convict.

"String him up from the yard-arm," he cried. Mr. Blood turned.

"If you please, Wolverstone," said he, "I conduct affairs in my own way. That is the pact. You'll please to remember it." His eyes looked along the ranks, making it plain that he addressed them all. "I desire that Colonel Bishop should have his life. One reason is that I require him as a hostage. If ye insist on hanging him,

Chinese Geologist
Finds Fossil Beetle

Age Has Been Estimated at Fifteen Million Years

In that most venerable land of odd things, China, a scarab beetle, of an age that makes King Tut's reign a mere tick of the clock age, has just been turned up.

A member of the Chinese geological survey, working in Shantung, the sacred province of North China, found the fossil beetle in rocks of the Cretaceous period, or Age of Fishes, of an age estimated at 15 million years.

This makes the scarab easily the oldest beetle in the world. Evidently the genus has been very conservative in the matter of evolution, for this primitive scarab resembles very closely his present-day nth degree great-grandchildren.

King's Lynn Is Historic

First Polar Expedition Said to Have Started From There in 1330

Prince Henry was recently created to the office of Lord High Steward of King's Lynn. This historic place was known as Bishop's Lynn in the days before the Reformation. It was during those years that the highwater mark of the ancient town's prosperity was reached, and Lynn, with her two noble churches and merchant princes, became the third port in the kingdom. From Lynn it is said the first Polar expedition on record was sent forth in 1330, and it was the birthplace of that notable adventurer, George Vancouver, who was born in the half-timbered cottage still standing in the yard of the Quaker Meeting House.

The Happiest Spot

The township of Salechto, in the province of Novara, Italy, is being hailed as the happiest spot in the world.

In 1923 none of the 400 inhabitants died.

In 1924 none of them married.

A new German airplane has one-man wings that can be taken down and folded against the fuselage in two minutes.

Some Quaint Rental Customs

Have Been Handed Down in England For Centuries

Among the strangest of England's medieval customs which have been handed down to posterity is that of the "quit rents" of six horseshoes and a bundle of faggots solemnly paid at the British Law Courts annually to the King's Remembrancer. These are for certain tenancies under the Crown. The manor Bonby, in Lincolnshire, again, is held on condition that the holder shall bear a white rod before the King at Christmas if ever the Sovereign happens to spend the festival in that county, whilst a Sussex manor costs its holder the trouble of carrying a banner across the county when the King passes through it in war array.

LITTLE HELPS FOR
THIS WEEK

Take therefore no thought for the morrow.—Matt. vi., 34.

I think not of to-morrow, its trial or its task; But still with childlike spirit For present mercies ask. With each returning morning I cast old things away; Life's journey lies before me, My prayer is for to-day.

Let us take short views. Let us not climb the high wall till we get to it, or fight the battle till it opens, or shed tears over sorrows that may never come, or lose the joys and blessings that we have by the sinful fear that God will take them away from us. We need all our strength, and all the grace God can give us for today's burdens and today's battle. Tomorrow belongs to our Heavenly Father.

—Theodore L. Cuyler.

Work and Worry
Weaken Many Women

NEW HEALTH CAN BE HAD
THROUGH

Dr. Williams' Pink Pills

They Give New Vitality and more.

The demands upon a mother's strength are many and severe; her own health trials and her children's welfare exact heavy tolls, while broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through sick headache, backache, and nervous troubles. But varied as her health troubles are, the cause is simple, and relief near at hand. When well, it is good blood that keeps a woman well; when ill, she must make her blood rich to renew her health; and the nursing mother—more than any other—needs rich blood and plenty of it.

Care of diet, sufficient rest, fresh air, and Dr. Williams' Pink Pills will keep a woman's health robust and regular; and because these pills make new blood abundantly, thousands of weak wives and mothers have derived prompt health-help from them.

Mrs. Stewart Grant, Stewhacker, N.S., says:—"After the birth of my first baby I did not regain my health. I could scarcely walk across the room because of the pains in my back. I began taking Dr. Williams' Pink Pills and through their use regained good health. Later an attack of influenza left me very weak, and again the pills fully restored me. I can recommend them to anyone who is weak or run-down."

NERVES AND
FAINTING SPELLS

Sent Woman to Bed. Great Change After Taking Lydia E. Pinkham's Vegetable Compound

Sarnia, Ontario.—"After my girlie was born I was a wreck. My nerves were too terrible for words and I simply could not stand or walk without pains. I suffered with fainting spells until I was no longer any good for my household duties and had to take to my bed. The doctor said I should have an operation, but I was not in a fit condition at that time. My neighbor said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' I am sure it will do you good and will save those doctor's bills." So I was advised by my husband to try it after I told him about it. I am very thankful to say that I was soon able to take a few boarders for a while as rooms were scarce at that time. My baby is 17 months old now and I have not yet had an operation, thanks to your medicine. I have recommended the Vegetable Compound to a few people I know and have told them the good it has done me. I know I feel and look a different woman these last few months and I certainly would not be without a bottle of your medicine in the house. You can use this letter as you see fit, as I should be only too glad for those suffering as I have to know what it has done for me."—Mrs. ROBERT G. MACGREGOR, R. R. No. 2, Sarnia, Ontario.

A recent canvass of women users of the Vegetable Compound report 98 out of 100 received beneficial results. This is a remarkable proof of its merit. C

DR. HAMILTON'S PILLS

KIDNEY, LIVER,
BOWELS

WORLD HAPPENINGS BRIEFLY TOLD

Field Marshal Baron Grenfell, one of Great Britain's most noted military leaders is dead.

Toronto oil companies have announced an increase of two cents a gallon in the price of gasoline, effective immediately.

A new radio development to revolutionize broadcasting is predicted, following the non-carrier wave recently invented.

Roderick McKenzie, outstanding figure in organizing the United Farmers of Manitoba, is dead, following a paralytic stroke.

The United States senate has ratified a treaty with Great Britain dealing with the extradition from Canada of persons charged with violating the Harrison Narcotic Act.

Ramsay MacDonald, the former British prime minister, and the British parliamentary delegates who have been visiting Central America, have returned to England.

There will be no change in the hall insurance rates for Manitoba this year, but some slight changes will be made in certain sections of Saskatchewan and Alberta, according to an announcement made by the Hall Underwriters' Association.

Automobile accidents in the United States are increasing at the rate of 2,000 a year, says the Eyesight Conservation Council of America, which believes that defective vision is responsible for a large percentage of them.

Reginald McKenna, chairman of the board of directors of the Midland Bank and former chancellor of the exchequer, states that sterling probably will soon stand at its gold value, because the dollar, under pressure of the surplus gold supply, will have come down to the pound's level.

Increased Duty

The federal customs board decision on garments of French or other manufacture used temporarily as models while in transit through the United States will increase the duty. Value for duty shall not be less than cost to the U.S. purchaser, less deterioration allowance.

Advices Young Mothers

—The Maitland Photo Studio

MRS. CLAYTON HURAS

Stratford, Ont.—"Dr. Pierce's Favorite Prescription gives strength and is the greatest help in motherhood of any medicine I know of. I have four very healthy children and during each expectant period I took 'Favorite Prescription' and just got along fine, my strength kept up and I had no distress or suffering to speak of, which most women have to endure at this time. 'Favorite Prescription' keeps a woman in perfect physical condition all thru this trying period."—Mrs. Clayton Huras, 215 Railway Ave.

Just ask your nearest druggist for this Prescription of Dr. Pierce's in tablet or liquid form.

Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., if you want free medical advice.

Unsinkable Ships

German Engineer Claims to Have Made An Important Discovery

What is claimed to be an invention which renders ships unsinkable was given a trial on Lake Constance recently, according to the Berlin Tageblatt. The inventor, a German engineer named Libertrau, installed the apparatus in a boat with a cargo of 300 kilograms (660 pounds). Libertrau then sank the boat, declaring it would re-appear within an hour. This it did. The dispatch adds that details of the invention are not available.

Suffered With Rheumatism For Several Years

Saskatchewan Man Completely Relieved by Dodd's Kidney Pills

Hundreds of men in Canada have been relieved of their aches and pains by Dodd's Kidney Pills.

Ottawa, Sask. — (Special). — That rheumatism is caused by disordered kidneys and that Dodd's Kidney Pills will relieve it, is again proved by the case of Mr. John Chesney, a well-known and esteemed resident of this place.

"I have suffered with rheumatism for several years. One box of Dodd's Kidney Pills have given me complete relief. I am happy to be able to say a good word of your pills to all my friends."

It is astounding how many people go on suffering day after day with aches and pains, rheumatism and backaches. They suffer because they are not aware of the fact that they can get relief. Strengthen the kidneys, which are the source of the trouble and these pains vanish. Dodd's Kidney Pills act directly on the kidneys. They heal and strengthen them so that they do their full work of straining all the impurities out of the blood.

Saving Strength For South American Visit

Prince Expects to Have Strenuous Five Months' Trip

The Prince of Wales is conserving his energy these days for the strenuous five and a half months' trip to South America and the Argentine, on which he starts at the end of March. His appearance at organization dinners and other public functions, which ordinarily take up a great part of his time, have been few and far between since his sojourn in Canada and the United States.

Following his South American trip, the Prince will pay his second visit to Ireland. His first trip to Ireland was as long ago as 1911, when, with his sister, Princess Mary, he accompanied the King and Queen to Dublin in the month of July. The occasion of his coming visit will be in celebration of the bi-centenary of the Grand Lodge of Free Masons of Ireland, of which he will be installed senior grand warden.

Will Sail North Again

Shackleton's Famous Ship, "The Quest," to Penetrate Frozen Reims

Sir Ernest Shackleton's famous exploration ship, "The Quest," sturdy veteran of the Arctic, this year will penetrate the frozen realms of the polar sea. It will carry two hunting expeditions, one to the White Sea by way of Nova Zembla and Franz Josef Land, returning by way of Bear Island and Spitzbergen, and the other to the remote island of Jan Mayen, and the east coast of Greenland. Seal, polar bear and musk oxen will be the principal game sought.

Captain Schiølderup, noted northern skipper and sailing master of the Oxford University Arctic expedition in 1923, will be in command of "The Quest."

Banbury Cross

Mr. Lloyd George has invested £100 in a scheme to give the quaint town of Banbury, of "Banbury Cross" fame, a properly equipped market for agricultural produce and livestock to replace its ancient street market. The scheme is being promoted by A. P. McDougall, the war-time commissioner for livestock, who is organizing a company with a capital of £40,000.

The world membership of the Boy Scouts movement is now nearly 2,000,000.

Silk alpaca, which really is not a silk at all, is made from the hair of the Peruvian sheep.

Minard's Liniment for the Grippe

CHILBLAINS

Zam-Buk soon allays the inflammation and swelling, kills the itching pain, and soothes the reddening irritation. Where skin is broken, festers or ulcerated Zam-Buk is doubly valuable because of its great healing and antiseptic power.

Famine in Russia

Police Shoot and Kill Starving People At Astrakhan

The Moscow press is unable to ignore the famine which has engulfed 11,000,000 people in the Southern Ukraine and Lower Volga districts. Reports from the Saratov, Tsaratsin, Astrakhan, Kudan and Stavropol districts say a large percentage are eating bark and refuse.

Astrakhan was the scene of a riot when 200 starving people began a fight over possession of garbage cans at the Hotel Europe, which is occupied by local Soviet officials. The police fired upon the crowd, killing five.

Island Disappears

Considerable Loss of Life is Feared When Island off African Coast is Submerged

Port Alexander, a small isle in Angola, the Portuguese colony of West Africa, has been suddenly submerged in the sea and has completely disappeared, according to a Lisbon dispatch to the London Sunday Express.

No details have been received, but a considerable loss of life is feared, as the islet, which was 4,000 square yards in area, was inhabited by Portuguese and native settlers.

WALKED THE FLOOR FOR HOURS NERVES WERE SO BAD

Wherever there are people who are troubled with deranged nerves they will find in Milburn's Heart and Nerve Pills, a remedy that will restore the equilibrium of these deranged centres and bring back the shattered nervous system to a perfect condition.

Mrs. W. W. Aulthouse, Woodruss, Ont., writes:—"After having a severe attack of bronchitis I was left in a very weak, run-down condition; my nerves were all broken up; could not sleep at night, and would have to get out of bed and walk the floor for hours. "After using a box of

MILBURN'S HEART AND NERVE PILLS

I began to feel much better, and after taking a few more boxes I could enjoy my rest as well as I ever did. I always recommend them to all my friends."

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Cuba has 40 broadcasting stations. There are 18 in Havana alone, more than in any city in the United States.

Complete in itself, Mother Graves' Worm Expeller does not require the assistance of any other medicine to make it effective. It does not fail to do its work.

Airplane With Movable Wings

A soaring airplane with movable wings has been built. It has a 20-horsepower engine and the inventor claims it is capable of flying 50 miles on a gallon of gasoline.

SUNDAY SCHOOL LESSON

FEBRUARY 8

CHRIST'S INTERCESSORY PRAYER

Golden Text: Holy Father, keep them in thy name which thou hast given me, that they may be one, even as we are. John 17:11.

Lesson: John 17:1-26.

Devotional Reading: Ephesians 3:14-21.

The Text Explained and Illumined

Christ's Prayer For Himself, verses 1-5. After His farewell discourse Jesus lifted up His eyes to heaven and said, "Father, the hour is come; glorify thy Son, that the Son may glorify thee." To glorify means to make intelligible, and Christ's words here mean, "Show now the character of thy Son, that he may show thy character." "By His request to be glorified, Jesus referred to His Crucifixion, His triumph over the grave, His ascension, and supremely His outpouring of the Holy Spirit. Jesus desired to be made known in His true character, as the divine Son of God, as the Messiah, as the Savior of the world" (Dr. C. R. Erdman). This is indicated in the next words of His prayer, "Even as thou gavest Him authority over all mankind ('flesh' is the Old Testament word for mankind as mortal), that to all whom thou hast given Him, He should give eternal life."

And then Jesus defined life eternal as knowing God and Himself, the Son of God. "No human presumption, since the beginning of the world to the present time, has ever dared to couple its name with the name of the eternal God as essential to eternal life, as Christ does here. Thee and me—what a wonderful assertion!" (Dr. Alexander McKenzie).

Airplanes Carry Precious Cargo

Diamonds and Gold Transported Quickly Over Belgian Congo

Precious stones were part of the cargo of the airplanes flying over the 1,100 miles of tropical jungle between Kuchasha, the capital of the Belgian Congo, and Kutango, in the interior. No fewer than 25 aerodromes and landing grounds have been built in the swamps and jungles around the Congo, providing a continuous chain of alighting grounds. The principal "cargos" on the air route will consist of diamonds, gold and ivory, which will be brought from the interior to the capital in a single day instead of in a week as by present transport methods.

Carter Starts Work Again

Everything Sealed in Tomb Found in Good Condition

A dispatch to the Exchange Telegraph from Luxor, Egypt, says the tomb of Tutankhamen was opened in the presence of government officials and members of the antiquities department. The contents of the tomb taken out last year, were handed over to Howard Carter, the Egyptologist. Carter found everything that had been sealed when the tomb was closed remained intact.

The priceless pall of sarcophagus, which had been left outside the tomb in a thin wooden shed, however, had deteriorated probably beyond repair.

Mothers Value this Oil.—Mothers who know how suddenly croup may seize their children and how necessary prompt action is in applying relief, always keep at hand a supply of Dr. Thomas' Electric Oil, because experience has taught them that this is an excellent preparation for the treatment of this ailment. And they are wise, for its various uses render it a valuable medicine.

Old Employees Honored

Every Member of British Dairy Company Received Present

One of the foremost dairy companies of Great Britain has a long service corps connected with it, the members being made up of employees who have been in the service of the organization for 30 years.

The corps boasts of a membership of 361 men and 24 women and when the members met recently for a dinner each one of them was presented with a gold watch, a silver badge and a certificate of merit. Included were nearly all the directors of the company, and the most humble milk roundsman.

Paring a corn is both risky and ineffective. It is much better to use Holloway's Corn Remover and eradicate them entirely.

Every middle-aged woman is set in her ways and opinions, but you can't induce her to admit it.

Minard's Liniment for Sprains and Bruises

Fine for cataract when melted in a spoon or snuffed up the nose and vapors inhaled.

Head and Chest Colds Relieved In a New Way

A Salve which Releases Medicated Vapors when Applied Over Throat and Chest.

Inhaled as a vapor and, at the same time absorbed through the skin like a liniment, Vicks VapoRub reaches immediately inflamed, congested air passages. This is the modern direct treatment for all cold troubles that is proving so popular in Canada and the States where over 17 million jars are now used yearly.

Splendid for sore throat, tonsillitis, bronchitis, croup, head and chest colds, catarrh, asthma or hay fever.

Just rub Vicks over throat and chest and inhale the medicated vapors. It quickly loosens up a cold.

VICKS VAPORUB
Over 17 Million Jars Used Yearly

Ex-Kaiser Renews Youth

Former Emperor Wilhelm of Germany has undergone a "monkey gland" operation and looks "younger than the crown prince," the London Sunday Express says. The Express' Paris correspondent quotes a Mrs. Pettivel, an American woman, who spent the holidays at Doorn, as saying that the emperor is as sprightly as a youth, with a beard and moustache no longer grey.

AROUND THE TOWN

Continued from page 1

Cressman Bros. have decorated their delivery rig.

Mrs. A. G. Studer is visiting friends and relatives in Winnipeg.

Mr. and Mrs. J. Tortorelli left on Monday for Portland Ore.

Messrs. E. Cressman and C. Bellamy left for Vancouver last week on a business trip.

In our report of the election of Juland Sunday School officers in last week's issue a mistake was made. It should have read, Organist Mrs. W. Lyons, Asst. Organist Mrs. H. McLean, also should have read Miss Tena McLean instead of Lena.

Mrs. Elliott entertained the Business Girls Club at her home on Tuesday of last week. A splendid time was enjoyed by those present after which the hostess served a fine lunch.

The Women's Institute will meet at the home of Mrs. Geo. Smith on Friday, the 20th of this month. All ladies are invited to attend this meeting which is an important one.

Mr. Ralph Honey returned from a visit to his mother at Mitchell, Ont., on Saturday. He also visited at Toronto, Winnipeg and other points before returning. Mr. Honey has not been in Ontario since he was less than two years old and he says the west is good enough for him.

Mr. Jack Berscht was a business visitor in Calgary for a few days this week. He was a delegate to the annual meeting of the Bible Society and also the Fair Association meeting which were held in that city on Tuesday and Wednesday.

We are sorry to report the death of Mr. Charles Findlay which occurred last week. Charley was well known here having attended the Didsbury High School a few years ago and made numerous friends.

The rink representing Didsbury at the Calgary bonspiel last week composed of Messrs Derby, Mc. Ghee, Thompson and Freeman skip, had some very good curling but unfortunately did not get into the jewelry. Mr. Miller who attended with a rink from the east line was more successful, winning third in one competition, a silver casserole being the prize.

BORN:—At the Didsbury General Hospital, on Monday, February 2nd, 1925, to Mr. and Mrs. Fred Stevens, a daughter.

—SUNNY ALBERTA—

The strong chinook that started to blow on Sunday night kept up till Wednesday and the consequence is that the roads have almost become impassable. A change of 60 degrees in temperature took place in 24 hours on Sunday to Monday morning. On Sunday morning the thermometer registered about twenty below and on Monday morning it was forty above. However the bear saw his shadow on Monday and it will be wise not to change to summer clothing yet awhile.

A SQUARE PEG in a Round Hole

You may be alright, but if you are in the wrong position you are like a square peg in a round hole. You want a position where you fit.

This paper is read by intelligent business men, and a Want Ad. in our classified columns will reach them.

The Random Shot.

I shot an arrow into the air
It fell in the distance, I knew not where,
Till a neighbor said that it killed his calf
And I had to pay him 6 and a 1/2.
I bought some poison to slay some rats,
And a neighbor swore it killed his cats,
And rather than argue across the fence,
I paid him four dollars and fifty cents.
One night I set sailing a joy balloon,
And hoped it would soar till it reached the moon,
But the candle fell on a farmer's straw,
And he said I must settle or go to law.
And that is the way with the random shot—
It never hits in the proper spot,
And the joke you sprang, that you think so smart,
May leave a wound in some fellow's heart.

—Hamline Oracle.
